

## GRAND VALLEY FIRE PROTECTION DISTRICT

0124 Stone Quarry Road  
PARACHUTE, CO 81635 PHONE: 285-9119 FAX (970) 285-9748

### NEW MEMBER APPLICATION PROCESS

First of all, I would like to thank you for your interest in joining the Grand Valley Fire Protection District and becoming part of our organization. The District has been growing for the past several years and has undergone numerous changes. Some of these changes have been to its facilities, apparatus and equipment, but the most significant change has been the transition from an all Volunteer Fire Department to a Combination Fire Protection District, comprised of Volunteer, Part-time and Career staff.

By joining the membership ranks of the District, you will be making a conscious decision to join and be a part of a dedicated group of emergency services personnel. With this decision, comes responsibility. You will be required to come to membership meetings, training meetings, community events, complete a probationary taskbook and respond to emergency calls for service. Monthly membership meetings are held on the second Tuesday of the month at the Battlement Mesa Fire Station. Regular training meetings are scheduled on the second Saturday of the month. There are other trainings scheduled on weekends for such things as drills and long duration evolutions. Community events include Fire Prevention Week, Fill the Boot for Muscular Dystrophy, Touch a Truck, stand-bys at the local high school events, and rodeo events during the summer to name just a few.

All new members are required to complete basic training through the use of a probationary taskbook. The probationary taskbook is comprised of basic training skills and job performance requirements for all basic firefighter responders, as well as general District information. During this time you will be working closely with current members, gaining from them their knowledge and their trust. You will develop a relationship with these members that will be most likened to having a second family. With this newfound desire to serve your community and work amongst the members of the District, may come the feelings of abandonment by your REAL family. Be considerate toward them and their feelings.

The District is committed to providing a quality level of service to the citizens of, and visitors to the District, while trying to meet the fundamental needs of its members, which makes this level of service possible. To that end, all prospective members are asked to involve their spouses, families and/or significant others when making the decision to join.

Once you've made the decision to join, the next step is to fill out an application packet. This information will be reviewed by the District's Human Resources/Administrative Assistant and when found to be complete, will be passed onto the Fire Chief for review

#### Mission Statement

We, the members of the Grand Valley Fire Protection District, dedicate our efforts to the protection of the lives, property and environment of the citizens of, and visitors to, the Grand Valley Fire Protection District

and test date scheduling. Applicants will be sent a letter outlining the testing procedures, the date of testing and any other information, which may be pertinent. All applicants will participate in a three step testing evaluation. The first step is the written examination, which is to help determine current firefighter and EMS knowledge, reading skills and writing abilities. The second step is the physical examination. Firefighting and EMS response requires the ability to lift, carry and perform strenuous activity for both long and short durations. The test is given to replicate these tasks, with the objective of finishing all tasks. There is a time limit for the career positions, but not for the volunteer or some part-time positions. The last step is the interview process. Each applicant will be asked a series of questions by an interview board made of both volunteer and Career staff. All information will be forwarded to the Fire Chief to evaluate and determine if the applicant has successfully met the minimum requirements for becoming a member with the District.

In the event that there is an excess of applicants for the available openings within the District, all applicants will be placed on a ladder, based on their testing scores. Those scoring highest may be given preference. In any event, the Fire Chief will make the final decision as to membership acceptance. New members will be notified by phone and mail of the decision. Applicants not being selected for an opening will be notified by the same process.

Once selected to become a member with the District, the next step is to meet with the District's Human Resource/Administration Assistant. All the necessary paperwork will be filled out, a medical physical / drug test will be scheduled, and required trainings will get started. Some of this training, such as HIPAA Compliance training, must be completed prior to being able to respond on emergency calls for service.

New members will be introduced to On-Duty staff, which will assist in issuing response gear, lockers, probationary taskbooks and other essential "pearls of wisdom" to get the new member started. Each member will be assigned to a Company and will be given the Captains and/or Lieutenants contact information. New members will be given a pager and trained on how to use it, when to respond, how and where. And it's at this time, that your decision to join will start to become meaningful, to both you and your community!

If you have any questions regarding the application packet, the application or testing process or what follows after acceptance onto the District staff roster, please feel free to call Kim Reeves, Human Resources/Administrative Assistant or myself.

Thank you for your interest in joining our Membership.

David A. Blair  
Fire Chief

4. **ALS medic will assume responsibility for EMS scene in the absence of higher-level staff; provide direction and supervision to other employees at an emergency medical scene; direct patient care and transport.**
5. Perform fire station maintenance including but not limited to: minor electrical, plumbing and building construction/repair; maintain station meeting rooms, training facilities and kitchens in a clean and orderly

condition through routine clean-up procedures; identify deficiencies and correct when possible or report to administrative staff.

6. Operate, inspect and maintain emergency response equipment and apparatus; perform minor mechanical repairs on equipment or apparatus inside and outside of facilities; maintenance includes, but is not limited to: minor electrical troubleshooting, body work, oil changes, lubrication, brake inspection and tire rotation/change.
7. Conduct and participate in drills, training exercises/classes and activities including but not limited to fire fighting, emergency medical service, technical rescue, extrication, hazardous materials, physical fitness and other related areas.
8. Maintain skill levels, new equipment and procedure familiarization, and certifications, which are relevant and/or required for assigned responsibilities.
9. Participate in public relations, fire/safety education activities, and fire prevention activities including station tours, fire safety/fire suppression education away from the station, school education programs, group activities, fire drills, courtesy walk through visits, and phone inquiries.
10. Perform fire prevention inspections of commercial occupancies through departmental inspection program; identify fire and life safety hazards; provide suggestions for correction; schedule re-inspections for verification of correction; prepare, submit and maintain reports as needed.

## **QUALIFICATIONS**

### **General Qualifications:**

- At least 18 years of age
- Excellent health, free from any mental or physical condition, which would interfere with effective performance on the job.
- Must provide proof of, or submit to a Hepatitis-B vaccination series or sign a refusal.
- Possession of a high school diploma or GED.
- Possession of a valid Colorado Drivers License.
- Sign the District's Authorization Request for Colorado driver history report. If applicant has not lived with in Colorado for the past 3 years, a previous states driving history report will be required as well.
- Sign the District's Authorization Request for a Colorado Bureau of Investigation "Criminal Background History". If the applicant has not lived within Colorado for the past 3 years, a Federal Bureau of Investigations "Criminal Background History" report will be required.

### **Knowledge of or the Ability to Learn:**

- Procedures (Strategies & Tactics) and equipment used in modern fire fighting – Structural and Wildland, emergency medical – BLS and ALS response operations.
- Operational characteristics of fire suppression apparatus and equipment
- Principles and practices of modern fire prevention and suppression.
- Advanced principles of emergency medical service provision, first aid, life support and technical rescue.
- Incident Command (NWCG) terminology and appropriate utilization.
- Medical terminology and appropriate utilization.
- Methods and techniques of handling hazardous materials.
- Geography and street layout of the Grand Valley Fire Protection District.
- Principles of business letter writing and comprehensive report preparation.
- Pertinent Federal, State and local laws, codes and regulations.

### **Ability to Perform or Learn to:**

- Perform a variety of fire suppression, emergency medical response and technical rescue activities.
- Select and properly administer first aid and medical treatment appropriate to the emergency.
- Provide supervision and direction during fire, rescue and EMS calls as assigned.
- Deal effectively with upset or emotional persons or patients.
- Think and act quickly and calmly in emergency situations.

- Operate and maintain fire suppression, rescue and medical apparatus and equipment.
- As assigned, drive fire apparatus or ambulance safely in varying traffic and weather conditions.
- Observe and follow safe fire fighting work practices.
- Respond to request and inquiries from the general public.
- Work varied shifts, on weekends or during holidays.
- Communicate clearly and concisely, both orally and in writing.
- Establish and maintain effective working relationships with those contacted in the course of work.

### **Experience and Training Guidelines**

*Any combination of experience and training that would likely provide the required knowledge and abilities is qualifying.*

#### **Experience:**

- Successful completion of the Probationary Taskbook.
- Completion of individual Vehicle/Apparatus/Equipment Taskbooks must be completed prior to member being authorized to drive/operate District vehicles, apparatus or equipment. Members may drive/operate District vehicles, apparatus or equipment with another qualified person while working on taskbooks, but not during emergency response/suppression conditions.

#### **Training:**

- The District requires that all members meet the minimum required 36 hours of training per year. There are no specific required training courses other than those outlined in the Probationary Taskbook and those listed in the License or Certificate section.

### **License or Certificate**

- Possession of an appropriate, valid Colorado driver's license (District requirement)
- Possession of valid CPR card (Membership requirement)
- Possession of valid First Aid Card (Membership requirement)
- Possession of NIMS I-100 training/certificate (Federal requirement)
- Possession of NIMS I-700 training/certificate (Federal requirement)
- Possession of Hazardous Materials Awareness level training/certificate (Federal requirement)

## **WORKING CONDITIONS**

### **Environmental Conditions:**

Emergency response and fire fighting environment; hazards of emergency driving; exposure to heat, noise, dust, fuels, grease, smoke, fumes, gases, toxic materials, inclement weather conditions, blood, airborne pathogens and communicable diseases; work at heights on scaffolding and ladders; working in, with and around water; work in confined spaces; perform rope rescues.

### **Physical Conditions:**

Primary functions may require maintaining physical condition necessary for performing strenuous physical labor for extended periods including heavy, moderate or light lifting; bending, stooping, kneeling, crawling; walking, standing or sitting for prolonged periods of time; operating fire suppression equipment, emergency medical equipment, vehicles and apparatus.
